

DUCKHORN WINE COMPANY

OUR COMPANY AND WINE ESTATES

Duckhorn Wine Company is a collection of small winery estates focused on site-specific wines of distinction from the Napa and Anderson valleys. The Duckhorn Wine Company family includes Duckhorn Vineyards, Paraduxx, and Goldeneye. With grapes selected from more than ten estate vineyards, as well as a variety of sought-after vineyard sites within the Napa and Anderson Valley appellations, each winery is presented with a canvas of lots from which to blend its premium wines. In addition to careful grape selection, innovative winemaking techniques and a premium barrel-aging program are integral to Duckhorn Wine Company's unwavering commitment to quality. Limited quantities of all of the wines are available direct from the winery, throughout the United States and in the international community.

DUCKHORN VINEYARDS/DECOY

Co-founded by Dan and Margaret Duckhorn in 1976, Duckhorn Vineyards has been crafting Bordeaux varietals from the Napa Valley for nearly 30 years. Duckhorn Vineyards' seven meticulously farmed estate vineyards, located throughout the various microclimates of the Napa Valley, are an essential element in making wines of the highest quality. One of the first wineries to focus on Merlot as a premium varietal, Duckhorn Vineyards now makes four elegant Merlot and four distinctive Cabernet Sauvignon bottlings to showcase the characteristics of its various vineyard sites. In addition, the winery produces a full-flavored Sauvignon Blanc, and an exceptional red Bordeaux blend under the Decoy label.

PARADUXX

Paraduxx is a unique Napa Valley red wine with its foundation in Zinfandel, California's resident grape, and Cabernet Sauvignon. Created in 1994 to provide the winemaking team with the opportunity to explore other varietals, Paraduxx was quickly recognized as having its own personality and style. Blended with Napa Valley mountain fruit as well as valley floor grapes from estate vineyards, Paraduxx has rich, full fruit flavors and soft, integrated tannins, making it a natural complement to a wide array of foods. For each vintage, an artist's interpretation of a *pair of ducks* native to the Pacific Flyway is featured on the label.

GOLDENEYE/MIGRATION

Goldeneye began making premium quality Pinot Noir from its estate winery in the Anderson Valley in 1997. Blending grapes from five estate vineyards planted to 19 clones of Pinot Noir on 11 different rootstocks, Goldeneye has a broad palette available when crafting its Pinot Noir wines. With only a small percentage of the vines in the estate vineyards contributing to Goldeneye, its wines are concentrated, elegant and complex, showing the true potential of the cool climate in the Anderson Valley. The winery also produces an elegant sister Pinot Noir called *Migration*.
